

UPA League of Champions

The United States Professional Poolplayers Association

SSR PROGRAM LEGEND

- SSR:** The overall score from all stats (much like a batting average).
- Speed:** The actual skill level 1-10.
- Games:** Total number of games played.
- Win %:** Total number of games played vs. number of games won.
- Break %:** Total average of successful breaks.
- Shot %:** Total number of shots made vs. attempted.
- Foul %:** Total number of games vs. number of games with fouls committed.
- MPG:** Average of Misses per game.
- SIQ:** Strategy Intelligence Quotient.

An official U.S. Amateur Ranking is granted to all members after each individual player's performance has been calculated throughout the U.S.

What Is Your SSR?

The SSR program was created and developed by UPA Touring Professionals to instruct every league member where improvement is needed in his or her game.

Features & Benefits Include:

- All UPA League players are granted SSR reports.
- Objectively calculates more than 36 aspects of a player's performance.
- Player Speeds are consistent throughout the U.S.
- Complete elimination of Sandbagging.
- Monthly SSR Reports serve as tools for each player's game.
- Demonstrates a player's weakness' and strengths.
- SSR grants a customized and professional handicap.
- Grants each player a U.S. Ranking!

Contact your local UPA League Operator today and discover your true potential as a player!
